

NOT SURE ABOUT THEIR SHOE SIZE?

Check out our simple guide to measuring your child's feet...right in the comfort of your own home. Remember to check regularly as those little feet grow just as quickly as they do!

TIPS & TRICKS

- Print out at 100% on 8.5x11" paper
- Remove children's shoes while measuring
- Shorter lines on guide indicate half-sizes
- If feet are different sizes, purchase the larger size

HOW-TO'S

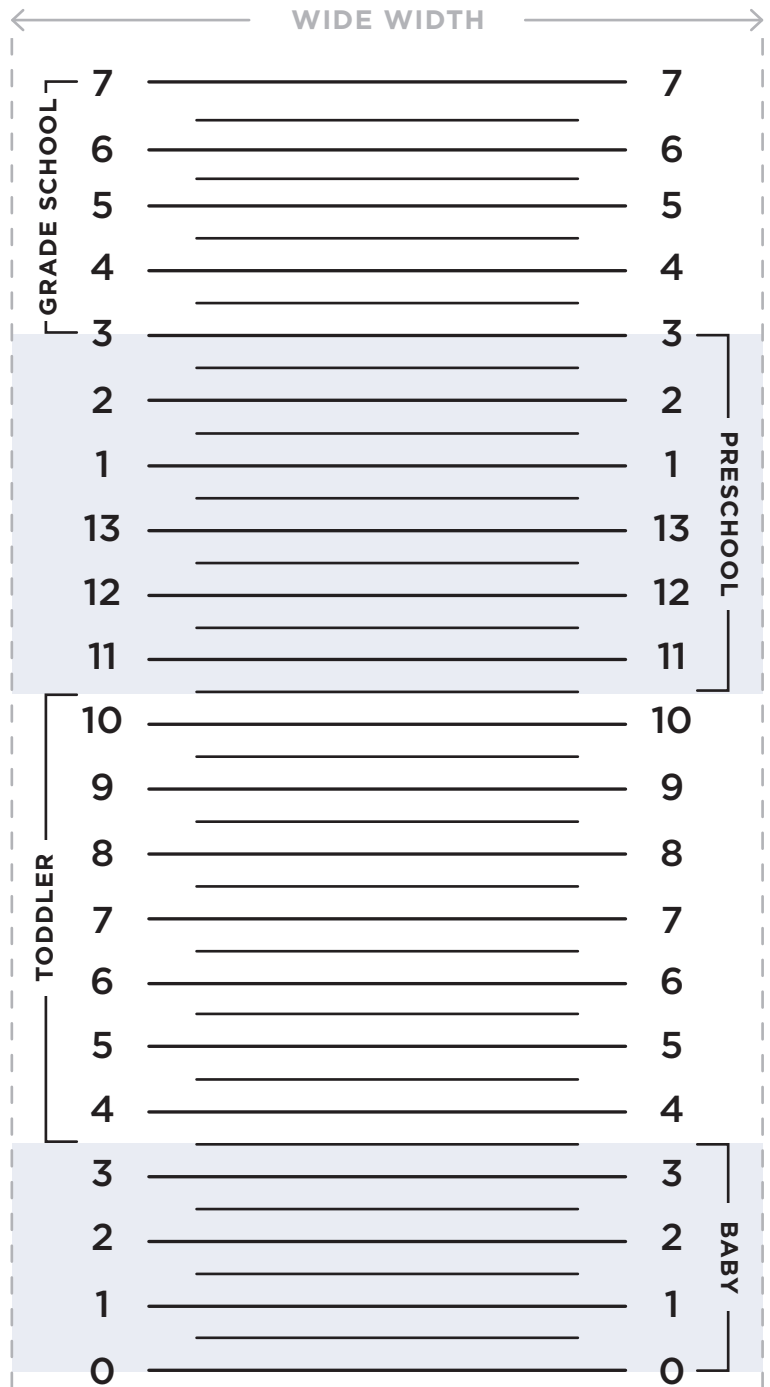

- Place chart on a flat floor surface
- Align child's heel to the "PLACE HEEL HERE" guideline
- Ensure child is standing firmly with their toes relaxed
- Determine shoe size by the line reached by the longest toe
- If foot width extends beyond the outermost dotted lines, consider wide widths
- Repeat with other foot
